

ADC - W114C

Stay Connected. Hear Every Ring.

You'll never miss a visitor with the Alarm.com Wi-Fi Chime.

Designed for homes and businesses, it delivers reliable doorbell alerts with customizable tones and flexible scheduling.

Key Features

Chime-Only, Cost-Effective Solution

Ideal for customers who don't need the Wi-Fi repeater functionality offered in the previous generation chime model.

Flexible Placement

Works throughout the home, no need to stay near the router.

Modern Design

Compact and antenna-free to blend into any home and business.

More Personalization

Choose from a variety of chime tones and set schedules for a tailored doorbell experience.

Quick Setup

Bluetooth® Enrollment makes installation fast and easy.
