

VALUE ESTIMATOR & SYNTHESIS TOOL

# Discover Your Revenue Potential

The Value Estimator and Synthesis Tool (VEST) delivers instant, data-driven insights to help identify your best growth opportunities. See your VESTValue™, a data-driven snapshot of your account base, and see how your business decisions impact revenue and customer lifetime value. Test new strategies, set targets, and build profitable and longer-lasting customer relationships.

## Key Features

### Instant Impact

Visualize the revenue effect of your choices as you make them.

### What-If Analysis

Model alternative business scenarios to compare financial outcomes.

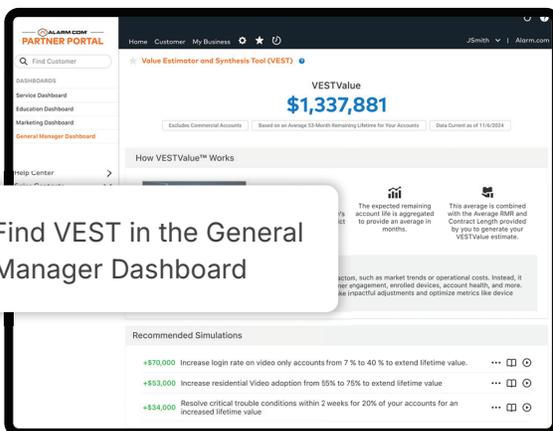

### Maximize Account Value

Identify strategies to improve customer satisfaction and retention.

### Data-Driven Targets

Set goals based on clear financial projections.
